HARDWOOD FLOORS
WARRANTY

DuChâteau® Limited Warranty for The Atelier Series® Hardwood Floors

Moisture and Humidity – PLEASE READ BEFORE BEGINNING INSTALLATION

Room temperature and humidity of installation area should be consistent with normal, year-round living conditions for at least a week before installation of wood flooring. Room temperature of 65°F to 75°F and a humidity range of 35% to 65% should be maintained during acclimatization, installation, and at all times afterward. Warning – humidity levels below these recommended levels will likely cause movement in the flooring, including gapping between pieces and possible cupping and checking in the face. DuChâteau cannot be held responsible for site conditions. Flooring formats, such as plywood based engineered wood flooring, are particularly susceptible to showing movement such as edge/end shrinking and face checking from relative humidity below the stated minimums on site and/or tip-raising and subsequent end-shrinking if installed over a wet subfloor.

WARRANTIES APPLY TO ORIGINAL PURCHASER ONLY

All Flooring warranties, including any implied warranties, apply to the original retail purchaser of the Flooring only. All warranty coverage terminates if you sell or otherwise transfer the Flooring or the property to which the Flooring is attached.

Limit on implied warranties to the greatest extent permitted by law, any implied warranty on flooring, including implied warranties of merchantability and/or fitness for a particular purpose, is limited in duration to the duration of this Warranty. Some states do not allow limitations on how long an implied Warranty lasts, so the above limitation may not apply to you.

WHAT THIS WARRANTY DOES NOT COVER

This warranty does not cover damage arising from improper installation of the Flooring. In order to be covered under this limited warranty, the Flooring must be purchased from an authorized dealer of The Atelier Series Flooring products. DuChâteau offers NO additional warranties, express or implied, other than those set forth herein. Neither your retailer nor anyone else has the authority to alter the terms of this warranty.

Any representations or promises made by your retailer or installer are not binding on DuChâteau. This warranty does NOT cover minor separations between boards due to normal expansion and contraction that wood floors may experience, based on weather conditions or other outside forces. This warranty does not cover cupping, delaminating, and/or crowning due to excessive moisture

or humidity. This warranty does not cover damage resulting from the failure to properly maintain Flooring and may be voided due to your failure to follow all DuChâteau care and maintenance instructions.

This warranty does not cover damage caused by improper or incorrect use or application of any product on Flooring.

This warranty does not cover naturally occurring elements of wood flooring, including but not limited to, open knot holes, pits, worm holes, or other characteristics resulting from true craftsmanship or hand-scraping of Flooring. This warranty does not cover damages caused by or relating to improper transportation, storage, or installation of the Flooring. **This warranty does not cover any defects unless the square footage of such defective flooring exceeds ten percent (10%) of the total square footage of your purchased Flooring.**

This warranty does not cover damage resulting from the failure to follow manufacturer's installation and maintenance instructions, including but not limited to the failure to use approved adhesives, moisture barriers, and failure to follow DuChâteau Flooring maintenance product instructions. We recommend that you use only DuChâteau-approved maintenance products to clean and maintain your Flooring, including DuChâteau Premium Floor Cleaner & Protectant and DuChâteau Maintenance Oil. Use of cleaning or maintenance products other than those specially formulated for the Flooring, or improper use or application of any cleaning or maintenance product, may cause damage to the Flooring and may void this limited warranty.

This warranty does not cover damage resulting from the use of adhesive tape of any kind on any oilfinished floor for any period of time. Failure to comply may result in removal of the finish. This warranty does not cover special, incidental or consequential damages of any kind. RADIANT HEAT SYSTEMS

Certain Flooring is warranted for use with Radiant Heat Systems. If such Flooring is installed over a radiant heating system, the surface temperature of the Flooring must not exceed 82 degrees Fahrenheit. Dramatic temperature changes may damage the Flooring. Flooring must be heated gradually in 5 degree Fahrenheit increments. It is recommended that a dedicated thermostat be installed to allow the temperature of the Radiant Heat System to be accurately controlled. For warranty coverage to apply, the Flooring must be authorized for use with a radiant heating system and the installation must conform to the manufacturer's Special Instructions for Installations over Radiant Heat Systems, including the placement of approved under-floor heat sensors.

The Atelier Series Hardwood Floors Installation Guidelines are intended to offer general guidance as it relates to The Atelier Series Hardwood Floors and are NOT a replacement for a professional. For best results, we suggest using a National Wood Flooring Association-certified professional installer. DuChâteau Hardwood Floors MUST be installed according to the National Wood Flooring Association's (NWFA) installation guidelines in order for the The Atelier Series Hardwood Floors Warranty to be valid. The most current publication of the NWFA guidelines is available to all NWFA members and can be found at www.nwfa.org. Due to the natural materials and unique finishing processes, The Atelier Series wood products may experience tonal and color variation between planks depending on time in or out of the box and conditions such as weather, temperature, location, moisture levels or proper maintenance and installation. To avoid dramatic variation mainly caused by aging, it is recommended installation be completed from the same lot.
